February 2019

Welcome to Transact

Welcome to the first issue of Transact for 2019. There has been lots happening here at TNS and this issue brings you updates and information on our latest acquisitions, upcoming events you can find us at and some new resources we have available.

If you would like to know more about any of the subjects covered in this issue, please do not hesitate to get in touch with your account manager or email solutions@tnsi.com.

Michael Johnson

Managing Director, Asia Pacific, FinTech Solutions

TNS Expands with South American Acquisition

TNS is expanding into Brazil through the acquisition of mobile and Internet of Things (IoT) communications specialist Link Solutions. The family-owned business has over 500,000 Link managed SIMs which, when combined with TNS' own SIM network, means TNS now manages almost a million SIMs around the world.

TNS Acquires OpSiSe SAS

TNS is delighted to have acquired the assets of OpSiSe SAS, based in France. The OpSiSe platform includes a set of online tools, reporting and mobile application capabilities that our payments clients can utilize to manage and monitor POS terminal estates, analyze transaction flows and service their merchant customers more effectively. We will be sharing further information shortly.

The screenshot shows the TNS Network Services website. The header includes the logo and navigation links: "About TNS", "Products -", "Industry -", and "Contact Us". The main content area is titled "Home - Blog" and features a grid of four blog posts. The first post is "The Erosion of Trust in Voice Calling" (January 28th, 2019). The second is "The Story of the Evolution of the Voice Call with TNS" (January 24th, 2019). The third is "Payments Advice for 4G Router Deployment" (January 22nd, 2019). The fourth is "How Will the Payments Landscape Evolve in 2019?" (January 7th, 2019). On the right side, there are navigation menus for "FINANCIAL" (Global Connectivity), "PAYMENTS" (ATMs and Unattended, Card Not Present, POS), "TELECOM" (Connectivity and Interoperability, Identity and Protection, Roaming), and "ARCHIVES" (January 2019, December 2018, November 2018).

Check out the New TNS Blog!

We are excited to announce the launch of our brand new TNS Blog! Our innovative new blog on the TNS website will give you regular insights into hot topics and industry trends centred around the payments, financial services and telecoms industries.
