February 2021

Welcome to Xchange

Welcome to our first edition of Xchange for 2021. I hope that you and your families are well and are keeping safe as COVID-19 continues to challenge us all. The market has seen some interesting trading activity influenced by the pandemic and we discuss this in more detail in our [stock market volatility blog](#).

Also, in this issue we are excited to share with you that our innovative TNS Layer 1 solution has scooped an award and that the strategic enhancements to our European backbone are now complete.

If you would like to know more about any of the subjects covered in this issue, please do not hesitate to get in touch with your account manager or email financial@tns.com.

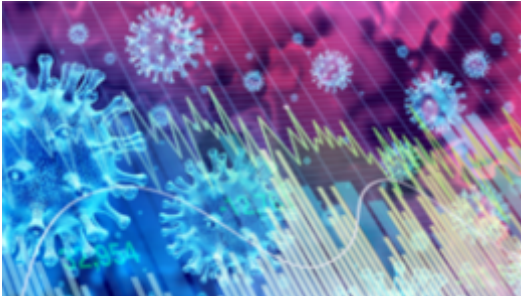

Tom Lazenga
Vice President, Global Sales

Real-Time Network Insight With TNS Oculus

TNS Oculus is a self-running monitoring platform that gives real-time insight into network performance. This online portal provides TNS' Financial Markets customers visibility into their TNS services, including performance and utilization tracking.

Stock Market Volatility Set to Boost 2021 Strategies

To say that 2020 was a tumultuous year would be a grand understatement, but we expect to see similar levels of stock market volatility continuing in 2021. [Click here](#) to read our blog and discover how this could reward those who address this instability as an opportunity.

Opportunities for Traders in Asian Market Boom

While the global financial markets grappled with extreme volatility due to the coronavirus, Asia saw a boost with unprecedented market liquidity and lower interest rates.

TNS Layer 1 Wins Award

TNS is delighted to have been named one of the top 100 ground-breaking companies in the Northern Virginia Technology Council Awards for the third year in a row! This year we were recognized for our ultra-low latency TNS Layer 1 solution, plus Mike Keegan, TNS' Chief Executive Officer, was named as a Tech 100 Executive.

TNS Shortlisted for TradingTech Insight Awards

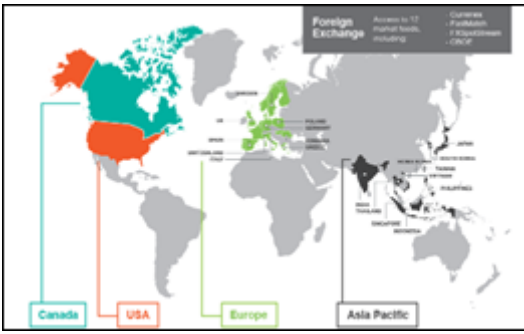

TNS is thrilled to be shortlisted for Best Managed Services Solution for Trading and Best High-Performance Network Services in the TradingTech Insight Europe Awards. Winners will be announced this month.

TNS Re-Engineers its European Backbone

In the last few months TNS has been strategically enhancing its European backbone and can now offer market data from all major European equity exchanges. This is evidence of TNS' commitment to offer premium infrastructure-as-a-service (IaaS) and connectivity solutions across the continent.
