October 2024

Introduction

Welcome to our latest Xchange newsletter, marking the start of the final quarter of 2024.

Since the last edition of our newsletter, we have issued lots of exciting news and announcements. If you didn't get chance to read them all, I hope the below provides you with a good overview.

We start by discussing our collaboration with Broadridge, providing order routing and distributing its global Futures and Options platform as market data vendor of record. In addition, we highlight some of our latest discussions in the media including byline articles and a podcast with FinTech Focus TV which Steven Roe and I had the pleasure to be a part of.

If you have any questions about our latest Xchange, please do not hesitate to email solutions@tnsi.com or speak to your Account Manager.

Tom Lazenga

General Manager, Financial Markets

TNS Provides Order Routing and Market Data for Broadridge's F&O Platform

TNS will enhance the functionality of Broadridge Financial Solutions Inc. (NYSE:BR) global Futures and Options (F&O) Software-as-a-Service (SaaS) Platform for the derivatives market, by providing global exchange connectivity for order routing and distributing its platform as market data vendor of record. This collaboration underscores our commitment to providing fast and resilient connectivity solutions and helping Broadridge's clients achieve greater efficiency in their trading activities.
